APPLICATION FOR A BUILDING PERMIT

FILING INSTRUCTIONS

Pursuant to §91-4 of the Code of the Village of Morrisville, a building permit shall be required for any work which must conform to the Uniform Code and/or the Energy Code, including, but not limited to, the construction, enlargement, alteration, improvement, removal, relocation or demolition of any building or structure or any portion thereof, and the installation of a solid-fuel-burning heating appliance, chimney or flue in any dwelling unit. An application for a building permit shall be examined to ascertain whether the proposed work is in compliance with the applicable requirements of the Uniform Code and Energy Code. No person shall commence any work for which a building permit is required without first having obtained a building permit from the Code Enforcement Officer.

Before the application for a building permit can be considered complete and ready for review, the applicant must file the following with the Code Enforcement Officer:

- (1) Building Permit Application completely filled out and signed;
- (2) Disclosure Statement required under Section 809 of the New York General Municipal Law (form attached);
- (3) Where applicable, a statement of special inspections prepared in accordance with the provisions of the Uniform Code;
- (4) Where applicable, Plan Review Summary prepared by a New York State licensed architect or licensed professional engineer (form attached);
- (5) Proof of Workers' Compensation Insurance Coverage and Disability benefits (ACORD forms are NOT acceptable proof of New York State Workers' Compensation or Disability benefits insurance coverage) ;
- (6) At least two sets of construction documents (drawings and/or specifications) which:
 - (a) Define the scope of the proposed work;
 - (b) Are prepared by a New York State licensed architect or licensed professional engineer where so required by the Education Law (if the construction or alteration will have an effect on either structural or public safety, exceed \$20,000 in cost, or over 1,500 square feet);
 - (c) Indicate with sufficient clarity and detail the nature and extent of the work proposed;
 - (d) Substantiate that the proposed work will comply with the Uniform Code and the Energy Code; and
 - (e) Where applicable, include a site plan that shows any existing and proposed buildings and structures on the site, the location of any existing or proposed well or septic system, the location of the intended work, and the distances between the buildings and structures and the lot lines.

WORK SHALL NOT BE COMMENCED UNTIL AND UNLESS A BUILDING PERMIT IS ISSUED.

Building permits shall be visibly displayed at the work site and shall remain visible until the authorized work has been completed.

All work shall be performed in accordance with the construction documents which were submitted with and accepted as part of the application for the building permit. The permit holder shall immediately notify the Code Enforcement Officer of any change occurring during the course of the work. If the Code Enforcement Officer determines that such change warrants a new or amended building permit, such change shall not be made until and unless a new or amended building permit reflecting such change is issued.

Building permits shall become invalid unless the authorized work is commenced within 12 months following the date of issuance. Building permits shall expire 12 months after the date of issuance. A building permit which has become invalid or which has expired may be renewed upon application by the permit holder, payment of the applicable fee, and approval of the application by the Code Enforcement Officer.

OVER

Work shall remain accessible and exposed until inspected and accepted by the Code Enforcement Officer. The permit holder shall notify the Code Enforcement Officer when any element of work described below is ready for inspection.

The following elements of the construction process shall be inspected, where applicable:

- (1) Work site prior to the issuance of a building permit;
- (2) Footing and foundation;
- (3) Preparation for concrete slab;
- (4) Framing;
- (5) Building systems, including underground and rough-in;
- (6) Fire-resistant construction;
- (7) Fire-resistant penetrations;
- (8) Solid-fuel-burning heating appliances, chimneys, flues or gas vents;
- (9) Energy Code compliance; and
- (10) A final inspection after all work authorized by the building permit has been completed.

After inspection, the work or a portion thereof shall be noted as satisfactory as completed, or the permit holder shall be notified as to where the work fails to comply with the Uniform Code or Energy Code. Work not in compliance with any applicable provision of the Uniform Code or Energy Code shall remain exposed until such work shall have been brought into compliance with all applicable provisions of the Uniform Code and the Energy Code, reinspected, and found satisfactory as completed.

No building shall be occupied or used in whole or in part for any purpose whatsoever until a Certificate of Occupancy has been granted by the Code Enforcement Officer.

PLEASE REMOVE THESE INSTRUCTIONS PRIOR TO FILING

VILLAGE OF MORRISVILLE BUILDING PERMIT APPLICATION

All applicable sections of this application must be completed – incomplete applications will not be considered.

Type of permit requested: Building Demolition Excavation/Fill

Property Owner: _____ Date: _____

APPLICANT CERTIFICATION: I hereby certify that I have read the instructions and examined this completed application and know the same to be true and correct. All work done under this permit will meet the requirements of the New York State Uniform Fire Prevention and Building Code and all ordinances and regulations of the Village of Morrisville. I also understand that the granting of this permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or land use or the performance of construction.

INSPECTIONS REQUIRED: I understand that I am responsible to ensure that the inspections listed on the reverse side of this application are performed as construction progresses and that in no case shall construction proceed beyond any required inspection until approved by the Code Enforcement Officer. I understand that failing to have a required inspection performed would constitute a violation punishable by a fine not to exceed \$1,000 per day and imprisonment not to exceed one year.

CONSENT TO ENTER PROPERTY: I recognize that by signing this application I am giving consent to employees of the Village of Morrisville to enter the subject property for the purpose of obtaining information relevant to the processing of this application. I also understand that by acceptance of a Permit, I agree to allow representatives of the Village of Morrisville access to the properties covered by the Permit, at reasonable times, for the purpose of ascertaining compliance with the Permit.

INSPECTION SCHEDULE FOR NEW CONSTRUCTION
ALL APPLICABLE INSPECTIONS LISTED BELOW ARE MANDATORY

1) **FOOTINGS/POSTS:**

To be placed on undisturbed soil, a minimum of 42" deep, formed on both sides of the concrete with 2 by X lumber, sized in accordance with the NYS Uniform Building Code. Forms are to be squared and leveled to fit the structure. Rebar is to be installed per ACI specs, each bar to be aligned under edges of foundation. Rebar is to be located one-third up in the forms and is to be supported on chairs or wire-tied to the forms, overlaps to be a minimum of 24" and tied on both ends. **CALL FOR INSPECTION BEFORE ORDERING CONCRETE OR FILLING POST HOLES!** Perimeter drainage is to be installed as shown in the drawing to the right. If there is a problem with water or mud there are alternatives, please call. If a sump pump is used; a similar drainage system is required on the inside. If a walk-out basement is anticipated, the foundation in that area must be below the frost line and insulated. **COPIES OF ALL CONCRETE LOAD TICKETS THAT CERTIFY THE COMPRESSIVE STRENGTH OF CONCRETE MUST BE SUBMITTED TO THE CODE OFFICE.**

2) **FOUNDATION:** Foundation wall including sill plate, anchor bolts (10" in length, 6' on center and 12" from the end of any section of sill plate), waterproofing, drainage tile and exterior insulation **BEFORE BACKFILLING.**

3) **FRAMING:** vertical and horizontal members, sub-flooring and wall and roof sheathing. Interior members after electrical and plumbing rough-ins and **BEFORE INSULATING OR ENCLOSING.**

4) **MECHANICALS, CHIMNEYS & FIREPLACES:** to be inspected **BEFORE ENCLOSING.** Must be approved before insulation or gypsum is applied. All heating devices are to comply with manufacturer's specs.

5) **ELECTRICAL:** rough-in electrical inspection is required **PRIOR TO INSULATION OR DRYWALL.** We need to see the inspection approval from an approved electrical inspection agency.

6) **PLUMBING:** Rough-in plumbing inspection is required **PRIOR TO INSULATION OR DRYWALL.**

7) **FIRE-STOPPING:** vertical and horizontal fire stopping after mechanical, electrical and plumbing rough-ins.

8) **INSULATION:** batting insulation must be inspected **PRIOR TO INSTALLING GYPSUM.** If insulation is blow into attic or wall areas, venter certification is required. **INSULATION OF BASEMENT:** joist cavities downward to 48" below grade are to be insulated with minimum R-11; inside or outside. Fire-rated material covering is required inside.

9) **FIRE SEPARATION:** Fire separations for attached garages are to be as follows: 5/8" type X gypsum wallboard on **garage side** of the partition between the garage and the house and 5/8" or 1/2" gypsum on the **house side.** Complete coverage to underside of roof deck or entire garage ceiling coverage is required. Fasteners are to be 12 inches on center along framing members and counters sunk 1/32". Where a room exists above the garage all load bearing garage walls are to be covered with 5/8" type X gypsum wall board and the fasteners on the ceiling are to be 6 inches on center. **WALLBOARD MUST BE INSPECTED BEFORE FASTENERS ARE CONCEALED.**

10) **FINAL BUILDING INSPECTION:** must be performed prior to occupancy or use.*

FINAL ELECTRICAL & PLUMBING INSPECTIONS should be scheduled prior to final building inspection.

CERTIFICATE OF OCCUPANCY must be obtained **BEFORE OCCUPANCY OR USE TAKES PLACE.**

AS-BUILT SURVEY: an as-built survey (structure location plotted on final survey by a NYS licensed surveyor) is required for all new homes and projects involving variances and may be required for other projects.

CALL AT LEAST FIVE DAYS IN ADVANCE TO SCHEDULE INSPECTIONS

This is a general inspection schedule and may not include all of the required inspections that pertain to your individual project.

* If the applicable certificate is not obtained prior to occupancy or use, legal action will be taken as outlined in the Village of Morrisville Zoning Ordinance. Failure to have a required inspection certified by the Code Enforcement Officer will negate the issuance of a certificate.

FAILURE TO COMPLY WITH THIS INSPECTION SCHEDULE CAN RESULT IN THE ISSUANCE OF A STOP WORK ORDER, FINES NOT TO EXCEED \$1,000 AND IMPRISONMENT NOT TO EXCEED ONE YEAR

**VILLAGE OF MORRISVILLE

Workers' Compensation Requirements under Workers' Compensation Law §57

To comply with coverage provisions of the Workers' Compensation Law (WCL), businesses must:

- a) be legally exempt from obtaining workers' compensation insurance coverage; or
- b) obtain such coverage from insurance carriers; or
- c) be a Board-approved self-insured employer; or
- d) participate in an authorized group self-insurance plan.

To assist State and municipal entities in enforcing WCL Section 57, businesses requesting permits or licenses, or seeking to enter into contracts **MUST** provide **ONE** of the following forms to the government entity issuing the permit or entering into a contract:

A) Form CE-200, *Certificate of Attestation of Exemption from NYS Workers' Compensation and/or Disability Benefits Coverage*;

Form CE-200 can be filled out electronically on the Board's website, www.wcb.ny.gov. Click on the button entitled "WC/DB Exemptions Form CE-200" (In bright yellow letters). Applicants filing electronically are able to print a finished Form CE-200 immediately upon completion of the electronic application. Applicants without access to a computer may obtain a paper application for the CE-200 by writing or visiting the Customer Service Center at any district office of the Workers' Compensation Board. Applicants using the manual process may wait up to four weeks before receiving a CE-200. Once the applicant receives the CE-200, the applicant can then submit that CE-200 to the government agency from which he/she is getting the permit, license or contract; or

B) Form C-105.2, *Certificate of Workers' Compensation Insurance* (the business's insurance carrier will send this form to the government entity upon request). **Please Note:** The State Insurance Fund provides its own version of this form, the U-26.3; or

C) Form SI-12, *Certificate of Workers' Compensation Self-Insurance* (the business calls the Board's Self-Insurance Office at 518-402-0247), or GSI-105.2, *Certificate of Participation in Worker's Compensation Group Self-Insurance* (the business's Group Self-Insurance Administrator will send this form to the government entity upon request).

Disability Benefits Requirements under Workers' Compensation Law §220(8)

To comply with coverage provisions of the WCL regarding disability benefits, businesses may:

- a) be legally exempt from obtaining disability benefits insurance coverage; or
- b) obtain such coverage from insurance carriers; or
- c) be a Board-approved self-insured employer.

Accordingly, to assist State and municipal entities in enforcing WCL Section 220(8), businesses requesting permits or licenses, or seeking to enter into contracts **must** provide one of the following forms to the entity issuing the permit or entering into a contract:

A) CE-200, *Certificate of Attestation of Exemption from NYS Workers' Compensation and/or Disability Benefits Coverage* (see above);

B) DB-120.1, *Certificate of Disability Benefits Insurance* (the business's insurance carrier will send this form to the government entity upon request); **or**

C) DB-155, *Certificate of Disability Benefits Self-Insurance* (the business calls the Board's Self-Insurance Office at 518-402-0247).

NYS Agencies Acceptable Proof: Letter from the NYS Department of Civil Service indicating the applicant is a New York State government agency covered for workers' compensation under Section 88-c of the Workers' Compensation Law and exempt from NYS disability benefits.

Please note that **for building permits only**, certain homeowners of 1, 2, 3 or 4 family owner-occupied residences serving as their own General Contractor may be eligible to file Form BP-1 (The homeowner obtains this form from either the Building Department or on the Board's website, <http://www.wcb.ny.gov/content/main/forms/bp-1.pdf>)

NOTE: ACCORD Certificates of Insurance are not acceptable proof of New York State workers' compensation or disability benefits insurance coverage.

Applicants must use one of the forms noted above.
